

# RELAY FOR LIFE

On June 7th, 2014 a team of 10 from Fraser Downs Racetrack & Casino participated in the Canadian Cancer Society's Relay for Life held at the Millennium Amphitheater in Surrey, BC. The relay lasted a span of 12 hours during which at least one team member had to be on the track at all times. Each participant in the relay donated, through pledges, an average of \$300 each. The money raised from the relay goes to support research, programs and people who are facing cancer.

Relay for life is part of a large community which, in 2014 raised over \$40 million to advance cancer research and support Canadians living with cancer. It also had 128,734 Canadians participate on 13,833 teams and had 22, 217 people volunteer to support the relays.

Fraser Downs is proud to be a part of such a large and supportive community.
